

UTD EMBA 2022 Class visit to IC² at our sister college UT Austin gave the cohort a look into how they deliver cutting-edge research that serves society. Led by Mitch Jacobson, Executive Director, IC2 offers multiple programs, from engaging communities to study the economic impact of the COVID-19 Pandemic to providing economic research and data to strengthen the state's business environment. IC² was founded in 1989 by Dr. George Kozmetsky and is the longest active technology incubator in the United States.
